

# Broadoaks Time Machine 2022 Summer Academies

See *Summer Program At-A-Glance* for information about when each Academy will be offered. Students will engage in age-appropriate activities in all academies scheduled for their grade level.

This summer be ready to jump into your Broadoaks time machine and explore our past, present and future! We will travel back in time to walk with prehistoric creatures and investigate inventions that changed the world. Traveling back to the present, students will explore ways we can reduce our carbon footprint, and then blast into the future to see what it might be like to live on the moon or Mars!

## **Science: Summer STEM (Grades Preschool-9)**

**STEM** incorporates principles of science, technology, engineering, and mathematics. Projects typically include two or more of these core elements and occur throughout the summer.

## **Art Academy (Grades Preschool-9)**

From painting to sculpture and design, students will delve into different art media and the artists who have mastered those techniques.

## **Sewing (Grades 4-9)**

Pick up your needle and thread and show off your stitching skills! Students will use basic sewing techniques to create a variety of engaging projects.

**\*Program offerings, start and end times are subject to change based on Public Health guidelines.**
